1 Define your problem statement

5 minutes

PROBLEM

ServiceNow-Based Employee Laptop Request Application

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Defer judgment.
- Go for volume.
- Encourage wild ideas.
- Listen to others.
- If possible, be visual.

2 Brainstorm

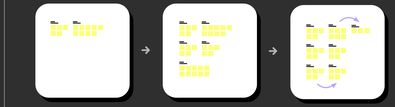
Write down any ideas that come to mind that address your problem statement.

10 minutes

Problem: Employees request laptops through emails, calls, or verbal communication, making tracking difficult. **Solution:** A ServiceNow application where employees submit laptop requests, approvals are automated, duplicate requests are prevented, and status can be tracked.

Problem: Employees often lose or damage ID cards, and replacement requests are handled manually. **Solution:** A ServiceNow portal where employees request new or replacement ID cards.

New employee onboarding involves multiple departments and manual coordination. **Solution:** Automate onboarding tasks through ServiceNow.



3 Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

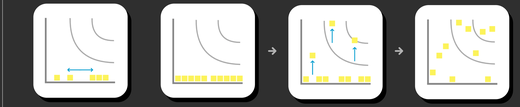
Employees request organizational assets and resources through a centralized platform.

Problem: Employees request laptops through emails, calls, or verbal communication, making tracking difficult. **Solution:** A ServiceNow application where employees submit laptop requests, approvals are automated, duplicate requests are prevented, and status can be tracked.

Problem: Employees often lose or damage ID cards, and replacement requests are handled manually. **Solution:** A ServiceNow portal where employees request new or replacement ID cards.

Automating processes related to employee onboarding and organizational integration.

New employee onboarding involves multiple departments and manual coordination. **Solution:** Automate onboarding tasks through ServiceNow.



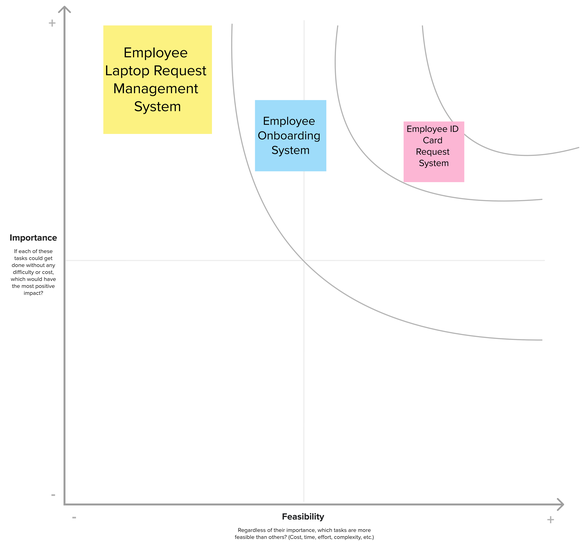
4 Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.



After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

A **Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

B **Export the mural**
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward
